

CHAPTER V

CONCLUSION AND SUGGESTION

A. Conclusion

Writing is one of the language skills that are important in mastering English, besides speaking, reading and listening. Writing cannot be produced without writer's grammar and vocabulary mastery. Writing descriptive paragraph is writing appeals to the senses, so it tells something look, feel, smell, taste, and sound.

Descriptive Words strategy is a strategy which is used in this research. This strategy is used to solve the students' problem in writing ability on descriptive paragraph at SMP Negeri 2 Bangkinang. After researcher collected and analyzed the data, the result of the score shows that the students' writing ability taught by using Descriptive Words strategy is in good category, while students' writing ability taught without using Descriptive Words strategy is in less category.

Based on the result of the research, it is find:

- a. There was significant difference of writing ability on descriptive paragraph before being taught by using descriptive words strategy for experimental class and conventional teaching method for control class at the second grade students at SMP Negeri 2 Bangkinang.
- b. There was significant difference of writing ability on descriptive paragraph after being taught by using descriptive words strategy for experimental class

and conventional teaching method for control class at the second grade students at SMP Negeri 2 Bangkinang.

- c. There was significant effect of using descriptive words strategy toward writing ability on descriptive paragraph of the second grade students at SMP Negeri 2 Bangkinang.

B. Suggestion

Based on the explanation from the previous chapter, it is clear that descriptive words strategy gives significant effect toward writing ability. Thus, the writer suggests that:

1. Descriptive words strategy can be one of the effective strategies used by teacher of English. Hence, the writer suggests to read this thesis as references for those who want to conduct the descriptive words strategy in teaching and learning process.
2. For the readers, teachers and other individuals are recommended to use this thesis as one of the references in finding information about descriptive words strategy and writing ability.
3. For the students, the students must rehearse their writing ability not only in the class but also out of the class to improve their writing ability.
